

Smart Life Wi-Fi Connection Guide

Install App

Please use iPhone or Android mobile phone to scan and download app.

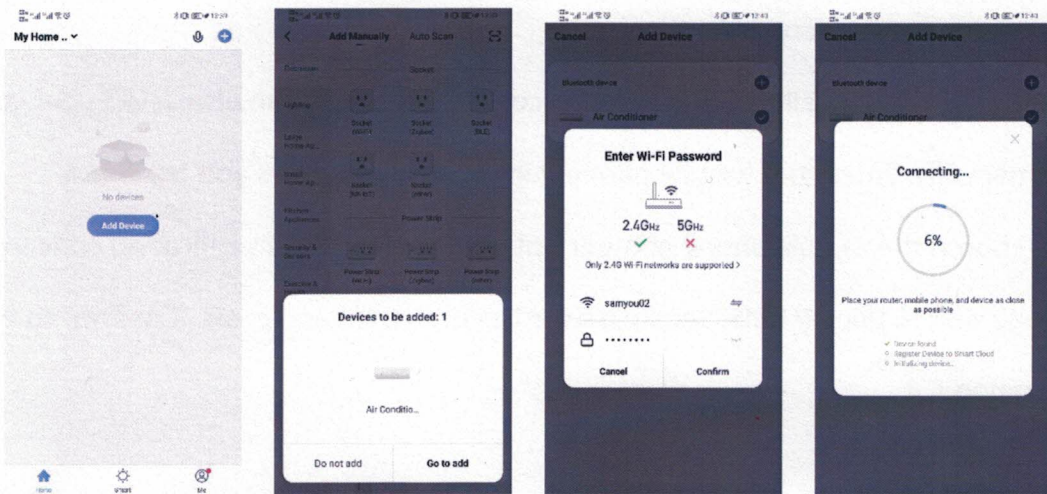

Register

- 1 Tap to enter registration page.
- 2 The system automatically recognizes your country/area. You can also select your country code manually. Enter your mobile phone number/email address and tap "Next".
- 3 If you choose the mobile phone number option, then enter the verification code in the message sent to you by SMS. Set a password as prompted and press "Confirm" to finish your registration.

A screenshot of the 'Register' screen in the Smart Life app. The top bar is red with a white back arrow and the text 'Register'. Below it is a 'Region' field with 'Australia +61' and a right-pointing chevron. Underneath is a 'Mobile Number/E-mail' field with a vertical cursor. At the bottom is a dark blue button with the text 'Next'.A screenshot of the 'Register' screen in the Smart Life app, showing the next step. The top bar is red with a white back arrow and the text 'Register'. The 'Region' field still shows 'Australia +61'. The 'Mobile Number/E-mail' field now contains 'xxxxxxxxx'. At the bottom is a dark blue button with the text 'Next'.

Add Device Through Network

- 1 Power on the air conditioner, and confirm indicator is rapidly flashing. If not, press the "ON/OFF" and "MODE" buttons for 5 seconds to enter Wi-Fi configuring mode.
- 2 Open Bluetooth of the smart phone.
- 3 Open the app and tap in the upper right to add a new device through the network.
- 4 Select the devices to be added and tap "Go to add".
- 5 Tap "+" and select Wi-Fi network (Note: network must be 2.4Ghz band) and enter the password.
- 6 The device will commence the pairing process and connect to the app.

- 7 After successfully configuring the devices, the smart AC will be shown on the home page. Tap to enter its control page.
